DEFENDANT – COLONY LAKES

44. Colony Lakes is a Condominium Homeowner's Association located at Colony Lakes in Aurora, DuPage County, Illinois.
45. Shari Lee is President of the Colony Lakes Property Owner's Association at Colony Lakes and resides in Aurora, DuPage County, Illinois.

THE FACTS

46. In 2003, Woodward, Barnes-Glass and Mosby all signed a five year leases with the Georges for 2835 Dorothy Drive, 2923 Dorothy Drive, and 2860 Dorothy Drive, respectively.
47. The long term leases were requested by the Plaintiffs because they all wanted their children to go to good schools and complete their education before moving again.
48. The Georges had no problem giving long term leases because all of the plaintiffs were very good tenants.
49. Two years ago there were a large number of African Americans living in the rental duplexes in Colony Lakes. Since that time the number of African American/Black persons living in the duplexes has decreased significantly.
50. There are approximately 200 units in Colony Lakes which consist of approximately 160 Single Family homes and approximately 40 Duplex units.
51. Under the current bylaws, no duplex owner may rent their home to persons outside of the family.
52. The facts and information that Plaintiffs have been able to obtain show that all the duplexes that were rented or are rented have been and/or are rented to African American/Black persons.

53. The facts and information that Plaintiffs have been able to obtain show that all of the Single Family homes are owned and/or rented by Caucasian/White persons.
54. The board of directors for the associations consists of 4 or 5 board members all of which are white or non-African American.
55. Chris Crane was a board member of Colony Lakes and lived next door to Woodward.
56. He made complaints to Colony Lakes about Woodward and her children.
57. Mr. Crane had complained about the Georges' previous tenants who were also African American/Black persons.
58. In November of 2003, the Georges received a letter stating that there was to be a vote as to whether the rental policy should be changed to disallow renting units.
59. Enclosed in the letter was a ballot that each home owner was to fill out and bring to the next Association meeting.
60. The Georges filled out the ballot, and voted no to the proposed policy, but were unable to attend the meeting on the day it was set for.
61. The Georges closed the ballot and asked Barnes-Glass to drop it off in the box at the meeting and leave right away, which Barnes-Glass agreed to do.
62. On the date of the meeting, Barnes-Glass went to Gombert Elementary School and waited in line in front of the ballot box.
63. As the line was moving, all of the people would just go up to the ballot box and drop the vote in with no questions.
64. When Barnes-Glass got to the table with the ballot box, she was about to put Georges' vote in, but was stopped by a woman who put her hand over the opening of the box.
65. Barnes-Glass was then asked in a rude manner whether she was a home owner.

66. Barnes-Glass stated that she was not a home owner, but was dropping a vote off for her landlords, Mr. and Mrs. George, who were home owners.
67. The woman kept her hand over the ballot box, took the vote from Barnes-Glass, opened the ballot and looked at it, and then tossed in aside.
68. The woman then asked Barnes-Glass to leave.
69. The whole room consisted of only Caucasian homeowners and none of the other people in front of Barnes-Glass in line were asked whether they were homeowners.
70. On November 21, 2003, the board of directors sent out notice to the Georges, from the association, stating that an amendment to their bylaws had taken effect.
71. Prior to this, there had been one African American family that had been renting in the area and causing disturbances.
72. The amendment restricted the leasing of any units at the association going forward from that point, but had a grandfather provision which stated that the new restriction did not apply to the leases that were in effect at the time of the amendment.
73. Colony Lakes was involuntarily dissolved by the State of Illinois on January 2, 1996.
74. Colony Lakes was not incorporated in accordance with the State of Illinois at the time the new amendment to the by-laws was passed.
75. After the first set of bylaw amendments, Woodward, Barnes-Glass, and Mosby erroneously got an eviction notice, but it was eventually withdrawn.
76. The receipt of these eviction notices caused great distress to the three tenants.
77. After the new amendment had passed, Colony Lakes sent requests to the Georges asking for copies of all leases and tenant information for the three homes in Colony Lakes.

78. Colony Lakes had knowledge that all of Georges' tenants had long term leases lasting 5 years.
79. On October 14, 2004, The Georges received another notice from the association stating that another amendment to their bylaws had taken effect in regards to the restriction on leasing.
80. The new amendment eliminated the grandfather provision and stated that a year from the time the amendment is passed, all leases were to be terminated and that no unit owner would be allowed to lease his or her unit unless it was to a family member.
81. At the time the new amendment was passed, Colony Lakes was not properly incorporated in accordance with the State of Illinois.
82. Colony Lakes was only properly reincorporated on November 30, 2004.
83. The Georges asked Ms. Lee, President of the board at Colony Lakes, why they had passed the new amendment, and Ms. Lee told her it was because the "quality of life was going down in the subdivision."
84. The Georges believe that the statement meant that too many African American/Black people were living in the duplexes.
85. The Georges notified all of their tenants of the amendment to the bylaws.
86. Woodward and her children are upset about the change to the bylaws.
87. Woodward and her children want to stay in the current school district due to the education it provides and the difficulties they would experience in adapting to a new environment.
88. Danielle, age 16, because of her disabilities, will find it difficult to adapt to a new learning environment if she is forced to move.

89. Moving would be very expensive, the rent is too high elsewhere for the Woodwards to move and stay in their current school district.
90. Moving will also take away Woodward's opportunity to purchase her home through the Section 8 Home Purchasing Program.
91. Woodward believes that the bylaws have changed in order to clear the neighborhood of African American/Black persons.
92. Mosby and her family are upset about the change to the bylaws.
93. Mosby and her children want to stay in the current school district because of the good education it provides.
94. Moving would be very expensive, the rent is too high elsewhere for Mosby and her family to move and still be part of the same school district.
95. Moving will also take away Mosby's opportunity to purchase her home through the Section 8 Home Purchasing Program.
96. Mosby believes that the bylaws have changed to clear the neighborhood of African American/Black persons.
97. Mosby was aware of a bad apple African American/Black family that caused a few disturbances.
98. At one particular time, the police were called because of a disturbance.
99. Mosby heard some of the Caucasian/White homeowners state that "Those people need to go back to where they came from if they are going to act like that."
100. Mosby believes this statement was made in regards to African Americans/Blacks living in the neighborhood.
101. Barnes-Glass and her family are very upset about the change to the bylaws.

102. Barnes-Glass and her family did not want to move out of the home nor the school district due to the disabilities they suffer from.
103. Barnes-Glass sent a written request for reasonable accommodation due to her disabilities and the disabilities of her children to Colony Lakes in August 2005 so that Barnes-Glass may schedule much need surgeries, due to her cancer and nerve damage, and stay in the home.
104. Colony Lakes never responded to the request and has therefore denied Barnes-Glass reasonable accommodation.
105. Barnes-Glass needed to schedule her surgeries, which after receiving, will leave her bedridden for some time and keep her from an active life thereafter.
106. Because reasonable accommodation was denied, Barnes-Glass was forced to move so that she could schedule her surgeries.
107. The Georges moved Barnes-Glass to another home they own in a different subdivision because Barnes-Glass needed surgery.
108. Because Barnes-Glass moved, section 8 has decreased the amount they will pay for her to live in the new home.
109. The Georges have lowered their rent so that Barnes-Glass and her children can continue to live within the same school district and so that Barnes-Glass may schedule and receive her much needed surgeries.
110. Moving has taken away Barnes-Glass's opportunity to purchase her home through the Section 8 Home Purchasing Program.
111. Barnes-Glass also believes that the change in the bylaws resulted from Colony Lakes wanting to clear the area of African American/Black people.

112. Barnes-Glass heard some of the comments from Caucasian/White homeowners in regards to the "Bad Apple" African American/Black.
113. The Georges believe that Colony Lakes refused rentals of units in order to clear the area of African American/Black families living there through the help of section 8.
114. Moving will cause The Georges to sell their property at a loss.
